Verse 1.

If you know why you hurt me,  
Tell me before Iâ€™m gone.  
Iâ€™m giving you one last chance.  
To show me what went wrong.

Cuz I tried and tried again to find.  
The reason why you lied.

Chorus 1.

I trusted you. Gave you all my heart.  
Is that all you got but to rip it apart?  
Shouldnâ€™t you have just said no  
To the girl who took you away?  
But you said yes and thought you could still have me.  
Well, it doesnâ€™t work out that way.

Verse 2.

You say you donâ€™t got no idea  
Why you let yourself think that way.  
Say you donâ€™t got the slightest thought  
About what happened that day.

Iâ€™m sick and tired and tired again  
Of being the one to blame

Chorus 2.

I trusted you. You held on to me.  
Then you let go. Just wait and see.  
When youâ€™re falling down  
And you need my hand  
Then youâ€™ll understand  
It doesnâ€™t work out that way.

Trans.

Yeah, I hope someday youâ€™ll find.  
Yeah, you thought I was nice.  
But Iâ€™m really not that kind of girl

Cuz I tried and tried again to find.  
The reason that you lied.

Chorus 1.

I trusted you. Gave you all my heart.  
Is that all you got but to rip it apart.

Shouldn't you have just said no  
To the girl who tried to take you away.  
But you said yes and thought you could still have me.  
Well, it doesn't work out that way.

Ending

I told you time and time again. Yeah, oh.  
It doesn't work out that way.
