Well we've come a long long way
There's no turning back
The road ahead is clear at last
We can search our whole life through
Never knowing what we'll find
But we can make it if we try

Cuz every cloud has a silver lining
Just believe that the sun will shine

Dream on
If you look deep inside your heart
You can reach the highest star
Dream on
We can find our destiny
Be anything we wanna be
If we Dream On

Well we finally made it here
After all these years
We made it cuz we persevered
You can look for stolen hearts
But you'll only find the dreams
Of lovers hope ripped at the seams

Cuz every cloud has a silver lining
And we believed that the sun would shine

Dream on
If you look deep inside your heart
You can reach the highest star
Dream on
We can find our destiny
Be anything we wanna be
If we dream on
