You go on and on and on again  
Bout how I don't treat you fair  
But deep down you knew it was you  
Who never really was there  
You took my hand. I took you in.  
Said that you could stay.  
You walked in and then walked out  
Callin' me stupid and gay

I don't have much to say about that  
But if you knew what I done

What would you do if you knew it was me  
Who was causing all your problems?  
What would you say if you knew day  
You would die would be soon?  
What would you think if you knew it was me  
Who was ruining your life?  
Sweet revenge. That sentence is true  
Happened to me just last night  
I crashed your truck, I burned your house  
That feeling just feels so right  
You called up your girl  
The one you didn't know I knew you had  
While you were doing her in bed  
I did something bad  
You would never ever think  
I'd do that to you. But... whoa  
What would you do if you knew it was me  
Who was causing all your problems?  
What would you say if you knew the day  
You would die would be soon?  
What would you think if you knew it was me  
That was ruining your life?

Baby baby it's only fair.  
Sweet revenge, we must share.  
I did something bad for you.  
But you did something WORSE.  
Yeah. Oh oh.

Oh baby. All I did was get you back

After you stabbed me in the back. Yeah.
