Give me a quarter and I will start to say,  
"What is this for?"  
It's for all of the doe I took from you today  
This is just one. I want a hundred more!

[Chorus]  
I'm going to get some more  
I need something to savor  
Fresh off the sidewalk  
Go ahead dude, just talk

I reach out for the quarter  
Sweat is dripping from my headband  
Man, there's no need to sort 'em  
I'll just take it from your hand!

You don't want to do that dude  
I'm begging you not to  
What in the world?  
Where did you go, Earl?

[Chorus]

Oh, you're a tough catch  
When you're standing there with the money & a  
match  
You better go over there  
It's not my fault that I have good-looking shoes

When the hog snorts, when the deer runs  
Hot dogs go with hot dog buns  
Man, how do we sound?  
What's that? Yeah, I know we're fun!

[Chorus x3]
