Do you feel all right?  
From now on it's all night  
Cuz I will always be right here  
Never stop  
So youve got something for me  
Well I suggest you wait and see  
She said Im tired of you  
Yeah well I am sleepy too  
Chinese silkworm  
Electric mushroom  
Rest your head  
On the controls  
And fall to sleep  
Letting go  
The finer things they wait for you  
On the other side they welcome,  
You  
So when you wake two days from now  
Tell us what you're all about  
She said I am tired of you  
Yeah well I am sleepy too  
With the few things we need  
There comes a time to bleed
