"In My Memory"

Look at me, these tears are real
Touch my breath, you're what I feel
Maybe, you can finally understand me
I never meant to be caught up in your head
Trust me, it's the last thing I'd want to do
I kept my heart open, what the hell did I get into?

And I can't sleep, their trying to hurt me
And you can't breath, I'm dying to see
This closeness that lives in my memory
In my memory

Help me see, my eyes are wrong
Hold me up, I knew it all along
Honestly, your caught up in yourself
'I swear it's the last time I take a breath
Promise me, you'll never speak to me again
I held you open, now are we at the end?

And I can't sleep, their trying to hurt me
And you can't breath, I'm dying to see
This closeness that lives in my memory
In my memory

Leave me alone, just let me go
Cause my heart is out in the open
Let me be, just walk away
Cause my memory isn't clear enough

I don't see the light, in your eyes
I can't see the angel, that's in disguise
I took a trip out to your skies
And this is what I'd find

You can do it by yourself
Just like I used to do in these memories
We marked the end of what could be

And I can't sleep, their trying to hurt me
And you can't breath, I'm dying to see
This closeness that lives in my memory
In my memory

And I can't sleep, their trying to hurt me
And you can't breath, I'm dying to see
This closeness that lives in my memory
In my memory
My memory
