My Elijah
I plan to love you girl
Sweet Elijah
You gonna kick some ass

Elijah quit thinking of me
Say what about mom and dad
When summer comes and burns a hole in this earth
Then we'll know we're truly blessed

My Elijah
Let's get together
Sweet Elijah
You're good enough for me, baby baby

Elijah let's get together
Elijah good enough for me
Sitting sole on the subway girl
That ain't no way to be

Sweet Elijah
Take care of mama
