Scratching and dreaming till night turns into day  
It's a surefire method to waste your life away  
But I'm obliged to give you my disease  
I'm abracadabra I do what I please  
Stone cold mama - she's a bird from a feather  
I focus all my energy, understanding you  
Such a pretty little prancer in a burgandy blue  
Witch hazel eyeballs taking care of love  
Remember the key mama - understand my words  
Stone cold mama - she's a bird from a feather  
Half-assed monkeyboy (4x)  
If you want a plate oof my beef swellington baby  
You're gonna have to pay the cover charge  
Open wide let me suck the gate
