One Time Fire (Mama Jesus and Me)
From Demos

Confucius say

Mama said, mama said,
Love yourself and live your life
Mama said, mama said,
Now I know what mama said was right

And if you come down to my level
Or maybe it's up I don't know no more
I could sure use the sparkle, yeah
A one time fire

Guess what?
Jesus said, Jesus said
It'll trouble you bad boy to dream
Jesus said to come unmad (a man?)
Do you wanna hear what Jesus done a-said a-to me?

He said,
And if you come down to my level
Maybe it's up I don't know no more, I know how
I could sure use the sparkle, yeah yeah
A one time fire
A one time fire
The one time fire, uh
A one time fire
On my baby

Now I know what Jesus said a-to me (Laughs)
He said, believe me or not I'm gonna set you free, oh
yeah
Loose Bruce full of juice

Oh baby, oh baby

A one time fire
It's a, a one time fire
On my baby

And now I know what mama said a-was right
And maybe a-now you can live your life
And if you come down to my level
Or maybe it's up I don't know no more
I could sure use a sparkle
Yeah I could yeah I could

A one time fire
Oh baby it's a one time fire
One time fire
Ooo baby it's a one time fire
A one time fire
Oh mama it's a one time fire
Oh baby it's a one time fire
It's a one time fire
Oh mama it's a one time fire

Oh, oh, oh

Mmm yeah
It's a f' motherf' one time fire
One time, woo thank you (Laughs)
