Ooh baby, yeah

You can fadeaway, yeah, my love, I will always
Remember your faces, thru fadeaway, sing in

Bless all of your eyes, I realize you're my reason
And I'll cherish the days when our souls will be together

She's my sunshine, she's my moonshine
She's my hot, hot, [Incomprehensible]
She's my lady from Euphrates, devil mother
Sure 'nuff, sure 'nuff, sure 'nuff, give it to me, babe

I'm just another one, yeah, just another statistic
You're needle-sickness, illed weakness
Yes, you're killed, yes, you're killed
Yes, you're killed, my boy

She's my sunshine, she's my moonshine
She's my hot, hot, [Incomprehensible]
She's my lady, she's from Euphrates, little woman
She's sure 'nuff, sure 'nuff, give it to me

Sunshine, moonshine
She's my hot, hot, [Incomprehensible]
She's my lady, she's from Euphrates, little mama
She's sure 'nuff, sure 'nuff, give it to me
Give it to me, give it to me, give it to me

Sunshine, moonshine
Sunshine, moonshine
Sunshine, moonshine
Sunshine, moonshine
