I won't tell you how to live your life
So please stay far away from mine
Always watching out for which and when
Is always running out of time

Drip drop, in like the skin of summer
All once everything unwinds
Inside-out and all about my heart
Is always running out of time
Always running out of time

I have to know
If you flew away with me
The faster I go
The further away it seems we get
And floating our way out

Drip drop, try to stop the forward motion
All heads tend to fall behind
Wasted whethers of the wish cut steeper
Is always running out of time
Always running out of time

I have to know
If you flew away with me
The faster I go
The further away it seems we get
We fall behind
And all of her end

I should have stayed
But I lost my head
With all of our words
De-voicing themselves
I should have stayed
But I lost my head
I should have stayed
But I lost myself

Always running out of time (8x)
