Far in time

He don't walk along with anybody  
He just walking with himself  
And she don't talk start to talk to anybody  
She just talking to her own-self

And you don't right a wrong for anybody  
You just put it on your shelf  
'Cause I don't get along with anybody  
I just get on by myself, myself

We are so far in time  
To be all apart

I could talk a lot of hot top'  
Got a potluck with my ears  
But the walls that caught me  
Got the right tone, quiet, tender, sinful

A little at hill, who down the landfill  
It is symbol of the age  
Where the dying art through the sum of the parts  
And a part is where we stand, I said

We are so far in time  
To be all apart, to be all on time  
Got each other, each other  
Oh yeah, we are so far in time

With the loving by themselves  
She is alone  
I let her have all their love  
Or are they doomed just by themselves

All by themselves  
Whoa oh, oh, oh, oh

I don't walk along with anybody  
And I don't start to talk to anybody  
And I don't right a wrong to anybody  
Not for anybody, not for anybody

Not for anybody by myself

Oh, oh  
Oh, oh, oh, oh

We are so far in time  
To be all apart, to be all on time  
With each other, each other  
Oh yeah, we are so far in time

Time, far in time
