I want to start a new life  
With my valuable hunting knife  
She will shine like a new girl  
And I want to shout out our love to the world

Hey!  
Everything I think about, I think about  
And everything I talk about, I talk about with you  
But you don't know what I go through  
You don't know, no

Days, they will turn into nights  
With my valuable hunting knife  
It will not rust through the tears  
And it will not lose it's appeal over years

Come on!  
Everything I think about, I think about  
And everything I talk about, I talk about with you  
But you don't know what I go through  
No, you don't know, no

Now I'll never know  
Now I'll never know  
Now I'll never know

And I will run and I will  
And I will hide and I will  
And I will run and I will  
And I will hide

Now I'll never know  
Now I'll never know
