I'm with my friends having a sleepover at mine,  
Mum said lights off, but they're still on at half nine,  
There's nothing gay 'bout doing nails and doing hair,  
Nor nothing gay 'bout three boys playing truth or dare,  
That's when my brush vibrated right between my legs,  
T-t-to my surprise it was my phone instead,  
Dru makes an interception,  
Grabs my phone out my hand,  
'Hello you've reached the midnight beast, you're  
ruining our plans! '

B-double-o-t-y  
It's three over average girls calling three under  
average guys  
"We're fucked up and we're ready to play  
We wanna do things we'll regret the next day"  
NO!  
I wanna play cluedo with my bros  
NO!  
I wanna paint rainbows on my toes  
NO!  
I don't wanna hurl, I want a comforting look  
When Noah kisses Allie in the notebook  
(booty booty) It's just a booty call  
(booty booty) even if your boo-tiful  
(booty booty) It's just a booty call

Now my phones on silent, they still call on private  
number  
I can't believe this desperation to disturb my slumber  
party  
I'm in my dressing gowny while Ashley's making  
brownies  
Dru is in the back room playing twister on his own,  
HELL YEAH!  
We're wearing our jim-jams  
HELL YEAH!  
We're playing the flute  
HELL YEAH!  
We're showing our sizes, the fucking surprise is  
that yours hasn't grown  
And then I hear my!

B-double-o-t-y  
It's three over average girls calling three under  
average guys  
We're fucked up and we're ready to play  
We wanna do things we'll regret the next day  
B-double-o-t-y  
Three overconfident, stereotypical, cheerleader types,  
we're fucked up and  
We wanna have fun  
You can be the boys we'll regret when we're done  
NO!  
I wanna play Sleeping Lions  
NO!  
I'm busy defending Zion  
NO!  
There's no point in calling coz I'll never respond,  
The boys and me are getting tits from Legally Blonde,  
(booty booty)It's just a booty call  
(booty booty)Even if your boo-tiful  
(booty booty)It's just a booty call

I'm not a booty call, I'm just a normal boy  
I want to stay at home and play with my toys  
We are three boys not looking for three girls,  
My Ring-tone's like a missile bringing war to my world  
Cheese-strings, Party Rings are my favourite things,  
Marshmallows with hot chocolate, bitch we're living like  
kings!  
I wanna have cheese pepperoni  
I wanna play my little pony  
I don't wanna hurl I want a chocolate fountain  
Whilst we snuggle up to watch broke back mountain  
It's just a booty call  
Even if your boo-tiful  
It's just a booty call  
It's just a booty call  
Even if your boo-tiful  
It's just a booty call  
right-----
