Don't let your white dress wear you out
Oh, it hurts to look in your eyes
Oh, 'cause honey I can see him

All my life
I'd hurt the ones I loved
Oh, but baby you can turn it 'round

She don't love me like you
She don't know what you do and it's so hard
She don't care what you say
So just say it, say it anyway, it's so hard

All my life, oh, they tried to push me down
Oh, but baby you can turn it 'round
Oh, but honey I still see him

Don't let your friends tell you why
'Cause I'm a bad, bad, bad, I'm the one
Oh, but baby you can turn it on

She don't love me like you
She don't know what you do and it's so hard
She don't care what you say
So just say it, say it anyway, it's so hard

All those years gone by
I only want to find a way
To make it hard for you

All those years gone by
I only want to find a way
To make it hard for you

You'll never forget it
The way that she wished
Don't feel the same
I only wanna find a way
To make it hard for you

I wish, you'll never forget it
The way that she wished

Don't feel the same
I only wanna find a way
To make it hard for you

I wish, you'll never forget it
The way that she wished
Don't feel no pain, no
I only want to find a way
To make it up to you

I wish, you'll never forget it
The way that she wished
Don't feel the same, no
I only want to find a way
I only want to find, I only want to find

She don't love me like you
She don't love me like you
She don't love me like you
She don't love me like you
She don't love, oh she don't
