What you gonna do when it all breaks down  
Take another heart through this lonely town?  
What you gonna do when she turns around  
And says, "I never even thought that you'd be messin'  
'round?"

But then you dance, dance, dance with the woman who  
lets you  
How's it going to feel until I catch you?  
What you gonna do when she turns around  
And says, "You broke another heart that was broken  
down?"

It's a crying shame that the love you've made  
Is a cross that you bear when it's cold  
Why don't you leave me alone?

Take a chance with a woman who lets you  
Take a chance with a woman who lets you

How'd you gonna feel when it's all found out  
Chase another heart that was up and down?  
What you gonna do when they turn around  
And say, they never ever thought that you'd be messin'  
'round?

And then you dance, dance, dance with the woman  
who lets you  
How's it going to feel until I catch you?  
How d'ya gonna find what she had in mind?  
If you keep tearing out the pages of an alibi

It's a crying shame that the love you've made  
Is a cross that you bear  
It's a crying shame that the love you've made  
Is a cross that you bear when it's cold  
Why don't you leave me alone?

Take a chance with a woman who lets you  
Take a chance with the woman who lets you  
Take a chance  
Take a chance

Oh, what you gonna do when it all breaks down  
Chase another heart that's been run around?  
How d'ya gonna feel when it settles down  
You said, "I never ever thought that I'd be messin'  
'round"?

But then you dance, dance, dance with the woman who  
lets you  
What you gonna do until I catch you?  
How d'ya gonna feel when she turns around  
And says, "You broke another heart that was broken  
down"

It's a crying shame that the love you've made  
It's a crying shame that the love you've made  
It's a crying shame that the love won't leave you alone
