It's a funny time for me and you
And you and me
See, I've been out walking
And I can't get over you, no, I can't get over you
Just take me or leave me alone

And it's not right, no, it's not right you say
And it's all wrong, this story's wrong
And I've been out watching
I can't get over you, no, I won't get over you
Just take me or leave me alone

I've been such a fool
But it will over soon, they say
And it will over soon, one day
Just take me or leave me alone

See, I've been out crying
Can't seem to let you go
Won't get the chance to know
Just take me, don't leave me alone

And way we laugh and when we laugh, we cry
What makes a man, what makes it mad
And I can't keep trying
I can't get over over you, no, I can't get over you
Just take me or leave me alone

I've been such a fool
And it will be over soon they say
It will over soon one day
Just take me or leave me, just take me or leave me
Just take me or leave me alone

Leave me alone
Leave me alone
Leave me alone
