What is it to love?  
What is it to feel?  
Am I all alone?

Does it hurt to touch?  
It doesn't hurt enough  
What if I can't tell  
Why you just keep looking up?

Is it the moon and stars above?  
What makes you cry?  
What makes you hurt?

Is it the moon and stars above?  
What makes you hurt?  
What makes you yearn for love?

Am I one of you?  
Up against the wall  
One move and we fall

But it's not my fault  
Selfless as I stand  
Someone takes your hand  
Then leads me through the door

And to the moon and stars above  
What makes you cry?  
What makes you hurt?

Is it the moon and stars above?  
What makes you hurt?  
What makes you know it's love?

Never gonna find me  
Now that I can float away, oh  
It's just a lie  
It's dreams that shatter

Never gonna find me  
Now that I can float away, oh  
It's just a lie

I'm afraid to leave  
What else can I do?  
I'm afraid to love
