Gotta keep hold of this here feeling
I've gotta keep hold of this here feeling
I've gotta keep hold of this here feeling
Ohh

Loneliness
Don't come around here
Bordered up all the doors
There's nothing to give no more

I recall
A time when I knew it all
I wish some done me wrong
So I could then do no wrong

But if you try to keep moving on
And it seems like it's always so hard
But if you left me
Darling I know I'll be found
And if you need me, don't you let me know
It's alright

Maybe I
Had too little love to realize
All that I try to give
Could never, ever, ever be enough

But if you try to keep moving on
And it seems like it's always so hard
But if you left me
Darling I know I'll be found
Oh, and if you left me

Oh, and if you try
Oh, and if you try
Oh, and if you try, try
Oh, and if you try, try
Oh, and if you try, try
Oh, and if you try
