Chorus

Foolish heart  
You made me weep  
Foolish heart  
I'm yours to keep  
You're the one  
That's still with me  
Foolish heart  
Don't set me free

There was a time  
When you said to me  
Don't fall in love  
So easily  
But then she walked in  
And right away  
You never had another thing to say

Repeat chorus

She went away  
And now we're alone  
I asked her to stay  
But she had to go  
She's made up her mind  
That I'm just a fool  
My love is blind  
And it's all because of you

Repeat chorus

Foolish heart  
Don't set me free
