"Forgive Me"

Visit "[Forgive Me](#)" on MotoLyrics.com

Please heart forgive me, I've led you astray
For I was certain she'd steal you away
I should have listened, but I turned away instead
For in that condition
There was nothing that you could have said

You're disenchanted and I am to blame
Surely more chances are headed this way
For until then, my friend, please understand
Mistakes you must allow
Please heart forgive me, I need you now

For until then, my friend, please understand
Mistakes you must allow
Please heart forgive me, I need you now
