"Just A Memory"

memory, can't you see
that's not what I should be
after all she meant to me
I'm just a memory

hand in hand we used to walk
heart to heart we used to talk
now she's gone and it will be
I'm just a memory

memory, can't you see
that's not what I should be
after all she meant to me
I'm just a memory

yesterday when she was mine
there have been no better times
and every night I think of when
she'll come back again

memory, can't you see
that's not what I should be
after all she meant to me
I'm just a memory

after all she meant to me
I'm just a memory
