Raul Malo, Al Anderson)

You're everything I'll ever need beside me
Because of you, I'm never feeling blue
Just promise that you'll stay with me forever
So I can spend my whole life loving you

I want to wake up in your arms each morning
The same place that I've been the whole
night through
I'll whisper in your ears sweet nothings
And then I'll spend my whole life loving you

Chorus 1
I never dreamed
You'd be with me
Please make this last
Eternally

Chorus 2
I miss you darlin' when we're not together
Believe me when I say my love is true
Just promise that you'll stay with me forever
So I can spend my whole life loving you

Repeat chorus 1

Repeat chorus 2
