"To Be With You"

(Raul Malo, James House)
a shoulder to cry on
someone to lean on
someone to take you away
someone to talk to
and somewhere to walk to
I need to remind you someday
whenever you need me
I'll make the time
to be with you (to be with you)
to be with you (to be with you)
a night to remember
the rain in September
I want to share it with you
the month by the ocean
we swore our devotion
would make all our wishes come true
whenever you need me
I'll make the time
to be with you (to be with you)
to be with you (to be with you)
I want you to know
I've never before felt this way
no other words can say
I was lost just yesterday
until I found you
whenever you need me
I'll make the time
to be with you (to be with you)
to be with you (to be with you)
a night to remember
the rain in September
I want to share it with you
