I'll rise from the ashes  
Of World War III  
Destroying all remaining creatures  
That threaten me

Pray for the day when you'll see  
My severed head  
World War IV won't be over  
Till I am dead

I sacrifice my life  
To gain my strength

I'll drink the blood from the grail of  
Medieval Saints

Pray for the day when you'll see  
My severed head  
World War IV is a battle of  
Our living dead

Who shall fight  
Who will fight me  
Who shall fight  
Fight World War IV
