Down from my... ceiling
Drips great noise.
It drips on my head through a hole in the roof.
Behind these two hills heeere...
There's a pool.
And when I'm swimming in
Through a tunnel....
I shut my eyes.
Inside their cabin I make sounds
In through the tubes I send this noise.
Behind these two hills heeere...
Fall asleep.
And when I flood in green grass of tunnel...
It floods back.
Down from my... ceiling
Drips great noise.
It drips on my head through a hole in the roof.
Behind these two hills heeere..
There's a pool.
And when I'm swimming in
Through a tunnel....
I shut my eyes.
