(Sren Madsen / Ashley Mulford)

I see you movin around in the light
been watching you for a while
I don't know what's inside of your mind
but it's lightning when I look in your eyes

I never trusted in miracles
I never looked in the stars
but when I see an angel on earth
that makes my heart sing
I believe in anything

cos there's magic in the way you walk
something special in the way you talk
this is real this is true
I've got the faith in you

Chorus:
la la la la...la la la
every little thing you do
becomes magic

You gotta stop this feeling of burning desire
from slowly driving me mad
so bring me in from the cold with your love
I'm never gonna stop
I'm never gonna give you up

cos there's magic in the way you walk
something special in the way you talk
this is real this is true
I've got the faith in you

Chorus:
la la la la...la la la
every little thing you do becomes magic
