bedoone to sangam, kenare to abram
bezar ta gerye konam, sar omade sabram
na geryen monde baram, na khande monde baram
faghat ye kaboose koshande monde baram

kasi ke hastisho be vadehat dad
ye bar bepors chera be in rooz oftade
hamash to in fekram alan to fekre chiye?
kojast? chikar mikone? alan kenare kiye?

bedoone to sangam, kenare to abram
bezar ta gerye konam, sar omade sabram
age ye ro mordam biya o gerye konan
ye shakhe niloufar bezar ro ghabram

ye hese gij o semej hamishe hamdameme
migan shekanje base, migam bazam kamame
negat chera cheshmi be man nemidooze?
ay! chera baraye delam delet nemisooze?

to fekro zekre mani vali azam doori
delet nakhaste mano, nagu ke majboori
