Oh, ya, baby c'mon!
I wanna be yours
So open the door
Let me inside your love
I won't ask you for more, oh noho
Don't push me away
I just want to stay
I'll be good to you
Will you be good to me too
And maybe then we can be happy together, forever
Open up your heart
Let me in your soul
Only then can we lose total control
Give me all of your love
Let your feelings show
'Cause if you want me you've got to let me know
Open up your heart, open up your heart
If you give me a chance
I'll show you what I mean
I'll prove my love to you now
Then you'll know how I really feel
Stay close to me now
Don't you disappear
Want you by my side
When storms are near, ho yah
Come on and show me how you feel
Open up your heart
Let me in your soul
Only then can we lose total control
Give me all of your love
Let your feelings show
'Cause if you want me you've got to let me know
Open up your heart, open up your heart
Don't you understand this is how it's gotta be
I want you to love me now unconditionally
So open up your mind, let me in your soul
I wanna love you now, tomorrow and forever more
Open up your heart
Let me in your soul
Only then can we lose total control
Give me all of your love
Let your feelings show

'Cause if you want me you've got to let me know
Open up your heart
Let me in your soul
Only then can we lose total control
Give me all of your love
Let your feelings show
'Cause if you want me you've got to let me know
Open up your heart, open up your heart
