Ghetto Bluez has got me down foe the the last

Ghetto Bluez has got me down

Strapped down we get our ways he's beggin' me to
the extent of my strugglez
Statis, they call me
I'm a low come in up on em' money hustle
The same old thang for a new game
to be played foe cheeze
Gotta get whats promised to a sister

Hustlin'z all the same
I can't deal wit theze playaz thoughtz
Too much trustin' risks
make foe week fool to get caught
Hold the slippin' too late to be trippin' we
strategiez gonna pass to me
Underprice everyday down in all theze lifes
endz societiez
Still I hold on stay strong and focus
with life of no time to pay the price of failure
Let me tell you no lie livin' by the
strugglin' rulez
Gotta do whatcha gotta do thats it
We strugglin' who givez a damn man 'bout
this down and out chick
My head poundin' what am I gonna do
gotta get on the hustle
Makin' the cheeze comin' outta the low-life of
the ghetto
Gotta make this come up
on the real its hard tos truggle
Ghetto live showin' me no Love
but givin' me reason put away
ah' move on somethin

Gotta hold on my bud
its hard as hell tryin' to stay afloat then
the heart of it all so
From my self its the way I go
I gotta do what gotta be done some might get in
the zehard timez
Strugglin'z a mutha when you gotta one that
cannot provide for mine
Lookin' at my predicament
who's gonna help this sister in need
Can't put the trust in the system

Cause one ah' these 96' dayz I'm outta these
