"Ride & Drive"

my engine can't clean it
makes me want to feel it
with passion i get on
here comes full-on destruction
to spit you out like no other
spin the wheel for another
bones aching to ride it
i got no power left to fight it
and love it as it bites
stings me like a pack of bloodflies
back to dance, got to love her
shake you motherfucker
ride & drive
mother thru it grinds you
as it cuts inside you
it lives to drive you
purple sunshine burns right through you
kick you down like n other
cash you in for another
overblown, ya get on
can't stop 'til everything's gone
it loves to drive you

can you feel it die inside you, bang!
no one rides forever
we can go together
ride & drive
come take a ride
in overdrive
just a little ride, yeah
ride, yeah we can ride
come on and ride
get on and ride
ride with me
[guitar solo]
kick you down like no other
cash you in for another
you see it, you need it
now toy hunger just to feel it
and hate it but you take it
child i watch ya kill to taste it
back to dance got to love her

shake you motherfucker
ride & drive
come on
time to ride
tonight we fly
i'll take you high
in overdrive
