bless this soul away
please lovin' sister don't show me no pain
turn up the joy in this dyin' boy
funny how the good ones always seem to destroy
'round and 'round lay down your soul
i know it hurts to let it go
sister moon keep a shinin' on
sister blue i won't let you down
said hey sister blue
lord i've given everything to you
i crucified me just to set love free
so don't you paint me a pretty picture
then wash it all away
i've been looking for a heart
roll me like a shootin' star

if you're everything you seem
sister blue won't you set me free today
it ain't easy to believe in love
[guitar solo]
waitin' on a dream
child of the goldest memory
she'll be a healin' these scars from a world so dark
think i'll die just a little today and write you this song
'round and 'round lay down your soul
i know it hurts to let it go
sister moon keep a shinin' on
sister blue i won't drag you down today
it ain't easy to believe
[guitar solo]
