(music by MORPHOLATRIA , lyrics by Raimonds Liepinsh)

"These are the things you should do : Speak the truth to one another . In the courts give real justice - the kind that brings peace."

(Zechariah 8:16)

"No more lying , then ! Everyone must tell the truth to his fellow believer , because we are all members together in the body of Christ ."

(Ephesians 4:25)

We're waiting on a threshold of devastation

We think we are ruling the world

One more step towards the abyss

And no one can help us both Devil and Lord

Afraid to stare the truth

Trying to live a little more

Conceiving all the treasures

You're living and breathing for

It's too late to scream , too late to run away

'Tis too late to make a new revolution

Reserves are emptied , reason has stopped

In the last chapter of our evolution

Be silent for those who could live

But now they are dead unborn

Remember the ones who warned you

As now comes the Reckoning storm

Look back ! You are not better than others

We (are all) members together in a chain of extinction

The fallen will be replaced with new ones

Who will come first to a final decision

Ease the conscience with knowledge

The rats will be the only descendants

To bear the burden of life

And seeming independence
