Dreaming Your Life Away

Crazy seeds of drugged up bothered kids  
Are getting me right down it seems  
Peace and love and all that phoney stuff  
You just don't know what it means

Don't call me mad  
With your joy and fancy head  
You're living in the in-between world  
Making out the best you can

S-S-S Sweet Loraine is making with cocaine  
It dance away her hype it seems  
Uncle Lour just don't know what to do  
So he decides to fake a dream

He takes another tranquilizer

He takes his TV set to bed  
For a late night show replaces the real world  
Going out inside his head

Dreaming your life away  
Dreaming your life away

Union Jack is gonna send them back  
He's gotta made you for a wild regime  
His mind was born inside a uniform  
To paralyze on leaves with dreams

Don't call me brother  
With your battle and your marching men  
Sewing thread of hope and glory  
In nuclear garbage can

Dreaming your life away...
