Unfortunate ending
(4th of December)

Sandpapered room
(Tired from the travel)

Forces unending,
You said you would believe

In my foreign years
I try to remember
(Wasted time of year)

And her foreign years
Spent haunted by the gutters of him
(Speaking 'til there's nothing left to say)

4th of December
(Unfortunate ending)

Afternoon room
(Afternoon's forever,
stories ending now)

Held from a distance, you said:
"I can't believe"

In my foreign years
I try to remember
(Wasted time of year)

And her foreign years
Spent haunted by the gutters of him
(Speaking 'til there's nothing left to say...)
And her foreign years
X is the reason
(Speaking 'til there's nothing left to tell)

I believed, you said that's all you need
And I believed, you said that's all you need
And I believed, you said that's all you need
And I believed, you said that's all you need

And I believed, you said that's all you need
And I believed, you said that's all you need

In my foreign years
I try to remember
(Wasted time again)

And her foreign years
Spent haunted by the gutters of him
(Speaking 'til there's nothing left to say)

Do you believe in the sound of the sea?
(If you think you could do without him, why don't you
try, again?)

Do you believe in the sound of the sea?
(If you think you could do without him, why don't you
try, again?)

Do you believe in the sound of the sea?
(If you think you could do without him, why don't you
try, again?)

In my foreign years
X is the reason
(Speaking 'til there's nothing left to say)
