

Motion City Soundtrack "Delirium"

Visit "[Delirium](#)" on MotoLyrics.com

There's a stain, there's a stain, there's a stain on the floor

I wanna soak, wanna scrub, wanna clean anymore
But all the nurses are refusing to let me out of bed
And my eyes are pouring nightly

There's a crowd, there's a crowd, there's a crowd on my ward

I'm full of joy, full of glee, jubilation and more
These crazy stupid mother*** never leave me alone
And my lungs are wheezing slightly

There's a buzz, there's a buzz, there's a buzzing of bugs

From flower beetles, yellow jackets, silverfishes to slugs
It's always raining caterpillars from the circular fan
And my heart is pounding brightly

I swim in pharmaceuticals, I swim in pharmaceuticals
The medicine deactivates the things I take, the things that take me

I swim in pharmaceuticals, I swim in pharmaceuticals
The medicine deactivates the things I take, the things that take me

There's a voice, there's a voice, there's a voice in my head

It's rather soothing and it tells me I'd be better off dead
But if I beat it, maybe punch it, even kick it away
Then everything will be all rightly

I swim in pharmaceuticals, I swim in pharmaceuticals
The medicine deactivates the things I take, the things that take me

I swim in pharmaceuticals, I swim in pharmaceuticals
The medicine deactivates

I didn't know it was hot in the middle
I touched it once then I touched it a second time
'Cause I am that naive, a myriad of bright ideas
I didn't know I'd get caught in the middle

I touched it once and I touched it a second time
'Cause I am that naive, a myriad of bright ideas

I swim in pharmaceuticals, I swim in pharmaceuticals
The medicine deactivates the things I take, the things
that take me
I swim in pharmaceuticals, I swim in pharmaceuticals
The medicine deactivates

I didn't know it was hot in the middle
I touched it once then I touched it a second time
'Cause I am that naive, a myriad of bright ideas
I didn't know I'd get caught in the middle
I touched it once then I touched it a second time
'Cause I am that naive, a myriad of bright ideas
