Woah woah, are you out there?
Woah woah, are you listening at all?
Woah woah, are you out there?
Woah woah, are you listening to anything I've said?

It's hard to believe I cannot exist without you.
As hard as I've tried, I cannot confess completely,
yeah.
These words will lament you and do sorts of likewise
behavior.
It's just part of the curse,
I'm just trying to stay alive.

Woah woah, are you out there?
Woah woah, are you listening at all?
Woah woah, are you out there?
Woah woah, are you listening to anything I've said?

It's hard to admit, my weaknesses can consume me.
I search for the cure in the bottles of varied volumes.
The joke of it is I express myself without purpose (a
purpose for living)
Yet you devour my smallness,
The madness to make believe.

Woah woah, are you out there?
Woah woah, are you listening at all?
Woah woah, are you out there?
Woah woah, are you listening to anything I've said?

If I can pretend, I don't depend.
I can deny, deny denial.
Yet when push comes to shove and all the above,
I decide to live the lie.

Woah woah, are you out there?
Woah woah, are you listening at all?
Woah woah, are you out there?
Woah woah, can you hear me?
Woah woah, can you hear me?
Woah woah, can you hear me?
Woah woah, are you out there?

Woah woah, are you listening to anything I've said?
