In early '99 I beat the Ocarina of Time.
I'm quite the legend in this town.
My friends get wicked shit from all the foul-mouth fools
you roll with.
Just push your luck, there will be blood,
Most likely our own carnage.

We all just wanna do our thing
Without the misery you bring.
Go fuck yourselves,
Leave us alone.

You all need to go away, you motherfuckers.
You all need to leave me and my homeboys alone.
You all need to go away, you motherfuckers.
You all need to leave me and my sensitive homeboys
alone.

I can't say that character would be one of your
strongest assets,
Not that we're perfect, merely extra-perfect.
So don't think you know a thing about a thing you know
nothing about.
Go fuck yourselves,
Leave us alone.

You all need to go away, you motherfuckers.
You all need to leave me and my homeboys alone.
You all need to go away, you motherfuckers.
You all need to leave me and my sensitive homeboys
alone.

When the fever hits the fan and you spout out your
commands,
Remember that we all feel the weather,
That we all feel the weathering hours of disconnect.
That we may fear the litmus test
Stay tuned, the rest must fuel this quest
For a better way to all stick together,
Way to all stick together, you goddamn hypocrites.

You all need to go away, you motherfuckers.

You all need to leave me and my homeboys alone.
You all need to go away, you motherfuckers.
You all need to leave me and my sensitive homeboys
alone.

Word.
