Hello, I saw you, I know you, I knew you
I think I can remember your name
(Name)
Hello, I'm sorry, I lost myself
I think I thought you were someone else

Should we talk about the weather?
(Hi, hi, hi)
Should we talk about the government?
(Hi, hi, hi, hi)

Hello, how are you? I know you, I knew you
I think I can remember your name
(Name)
Hello, I'm sorry, I lost myself
I think I thought you were someone else

Should we talk about the weather?
(Hi, hi, hi)
Should we talk about the government?
(Hi)

Hello, my friend, are you visible today?
You know I never knew that it could be so strange
(So strange)
Hello, I'm sorry, I lost myself
I think I thought you were someone else

Should we talk about the weather?
(Hi, hi, hi)
Should we talk about the government?
(Hi, hi, hi, hi)
