Shiver away, I thought the action was real  
Somewhere I know that's just the way you are  
It's hard to believe that you're a part of me  
And I can't believe when you carry on and on

I can't believe you got that right  
I can't believe you got that right  
Just as the radio goes on and on and on  
Yeah, I can't believe you got that right

Shiver away after the years passed us by  
Make no mistake, we don't know who you are  
Upset and amazed, you get to me every time  
And I can't believe when you carry on and on

I can't believe you got that right  
I can't believe you got that right  
Just as the radio goes on and on and on  
Yeah, I can't believe you got that right

Shiver away, I thought the action was real  
Somewhere I know that's just the way you are  
So let me believe, let me be anything at all  
'Cause I can't believe when you carry on and on and on

I can't believe you got that right  
I can't believe you got that right  
Just as the radio goes on and on and on  
Yeah, I can't believe you got that right

I think that was partially better
