She is the queen of anarchy, I am the only one who
cares
I met her in Minnesota over some pizza and diet soda
She's into pain and Purple Rain
I'm into robots and
We're drowning in Minnetonka, hoping to purify
ourselves
And I sing,
"Not that I am special, not that you're some work of art
Let's lose us some sleep and somewhere to start."

Let's get!
Physical!
Try and break our bones tonight.
Let's share chemicals
Try and break our bones
Try and break our bones tonight

She is the gin and I'm vermouth in these mad cocktails
of despair
We try hard to keep it sober until the evening just fucks
us over
To tell the truth, we're badly bruised,
there is no future and we both are thinkin',
"So this is my dinosaur life...so this is my dinosaur life."

I know that I'm not special and you're nobody's work of
art

Let's lose us some sleep and somewhere to start.

Let's get!
Physical!
Try and break our bones tonight.
Let's share chemicals
Try and break our bones
Let's get!
Physical!
Try and break our bones all night
Try and break our bones tonight

Not that I am special, not that you're some work of art

Not that we're not perfect for each other's fucked up
hearts
Beating through the evening, bearing witness the
searing,
Feeling alright

Let's get!
Physical!
Try and break our bones tonight
Let's share chemicals
Try and break our bones
Let's get!
Physical!
Try and break our bones all night
Try and break our bones
Try and break our bones
Try and break our bones tonight
