Everyone loves magical trevor,
Coz' the tricks that he does, are ever so clever.
Look at him now, disappearing a cow!
Where is the cow heading right now?

Taking a bow, its magical trevor!
Everyones seen that the trick is clever,
Look at him there with his leathery, leathery whip,
Ä°ts made of magic and with a little flick...

Yeah, yeah, yeah the cow is back,
Yeah, yeah, yeah the cow is back,
Back, back, back from his magical journey!
What did he see, in the parallel dimension?

He saw beans, lots of beans,
Lots of beans, lots of beans,
Oh beans, lots of beans,
Lots of beans, lots of beans, yeah yeah!
