(Clyde Carson Intro)

Aye

She got her mind in a trance

Think she going crazy

Don't know what I'm doing to her

She got her mind in a trance

Think she going crazy

Don't know what I'm doing to her

Doing to her

[Verse]

It's like the moment your mind races through your  
body

With every moment and every second it's killing me

Oh boy, you got me thinking about what to do

I'm stumbling, tripping, hoping and wishing for you

I like it when... he's kissing me

I like it when... he's touching me

I like it when... he talks to me

Whispering I'm so pretty

Kisses on the forehead

Breakfast in bed

Text messages telling me

I miss you so bad

I never thought that you

Could be the one for me

Now I'm flying higher in ecstasy

(Chorus)

You got me

Going

With you

I'm soaring

You got me feeling things I never thought I ever feel

I'm on a high

Cause you got me feeling

Euphoria, Euphoria

Euphoria, Euphoria

Euphoria, Euphoria

Euphoria, Euphoria

(Verse 2)

It came to me when I wasn't even looking  
I saw you, you saw me  
We started introducing  
And from their baby  
I was hook on you  
And now I can see a future I can hold on too  
I like it when... he's kisses me  
I like it when... he's touching me  
I like it when... he talks to me  
Whispering I'm so pretty  
Kisses on the forehead  
Breakfast in bed  
Text messages telling me I miss you so bad  
I never thought that you  
Could be the one for me  
Now I'm flying higher in ecstasy

(Chorus)

You got me  
Going  
With you  
I'm soaring  
You got me feeling things I never thought I ever feel  
I'm on a high  
Cause you got me feeling  
Euphoria, Euphoria  
Euphoria, Euphoria  
Euphoria, Euphoria  
Euphoria, Euphoria

(Clyde Carson)

Yeah, Yeah  
You know you don't just ask for love  
It's like you kind of fall in it, you know  
I mean  
These are times you need to ask your self  
What you really want though?  
Aye Aye

I think, I think  
I got her tripping now  
She got, She got  
Her head up in them clouds  
You see, you see  
I keep her with a smile  
Cause everyday we getting down  
And every night she on me  
She want me, She with me  
I'm touching on her body  
She hugging, Start kissing  
And every night I'm working

She calling, She Miss me  
When it's the distance  
Can't concentrate or pay attention  
So right, now listen  
Cupid shot your heart girl  
You be going hard girl  
Knew you was the one for me and that was from the  
start girl  
Deserve awards for the way you play your part girl  
Euphoria, your aura up  
Ain't nobody is in our world

(Chorus 3)  
You got me  
Going  
With you  
I'm soaring  
You got me feeling things I never thought I ever feel  
I'm on a high  
Cause you got me feeling  
Euphoria, Euphoria  
Euphoria, Euphoria  
Euphoria, Euphoria  
Euphoria, Euphoria
