"Into The Light"

I think we think too much /
I think we should not clutch at straws again /
We fear to lose control / Nothing but jointed dolls, so
sweet and droll /
It doesn't matter what we do or pray, we're not
allowed to choose it's
the only way /
To the light of day when we pass away no one sees
beyond (the veil) /
It's time to face the truth /
And to expose the ruse we used to use /
Cos nature takes its course /
We hear the lion roars, the vulture soars /
Into the light "Hello Goodbye" when we are born and
when we die, all
alone and there's no guide /
Into the light the young and old, the shy and the
fearsome, the brave and
old /
And return right to the fold /
Into the light from darkest night from the womb right to
the tomb /
Time will show to and fro as we come we will go /
From the cradle to the grave only love is what we crave.
