Here I stand
it's raining in my heart girl
please understand
that you made my real world
I'll forget
what you've done to me girl
I regret
what you mean in my world
I promise all my love to you
I promise all that I can do
if you stay with me forever
I give my love my everything
I can fly on broken wings
why can we stay together
oh I miss you

As long as you love me
I'll be there
I love you forever, babe
As long as you need me
I'll take care
Always and never yeah

I'm alone
I'm flying like an ego
Let me know
baby how you're feelin'
I heard a song
and I'm feeling sorry
and I pray
baby please don't worry
I never do it all again
I promise you be your man
if you're staying by my side girl
I love you more than words can say

I stay with you away
And I give you all my life girl
oh I miss you

As long as you love me
I'll be there
I love you forever, babe
As long as you need me
I'll take care
Always and never yeah

Always and never
As long as you love me
As long as you love me my babe
Ohhhhhhhhhhhh

As long as you love me
I'll be there
I love you forever, babe
As long as you need me
I'll take care
Always and never yeah

As long as you love me
I'll be there
I love you forever, babe
As long as you need me
I'll take care
Always and never yeah

Always and never... oh yeah
