If I could I'd make you see
just how much you mean to me
but every time I try my words, lose height
and they come crashing to the ground

A thousand words, a million songs
but still I paint the picture wrong
you're everything, you're everywhere
you're nothing short of fabulous to me.

Like a burning sensation
running through my body when I hold you
total satisfaction when I'm with you
in your beautiful, beautiful world

It's a breath-taking feeling
every time you show me that you need me
I would never trade one single moment
in your beautiful, beautiful world

I don't want to change a thing
in this fairytale I'm in
girl you're sheer perfection
you're a masterpiece, a living work of art

I just want to do you right
keep you safe all through the night
I'll be there to hold you when
you're sad and tears are running down your face

Like a burning sensation
running through my body when I hold you
total satisfaction when I'm with you
in your beautiful, beautiful world

It's a breath-taking feeling

every time you show me that you need me
I would never trade one single moment
in your beautiful, beautiful world

I just wanna stay with you forever
without you I'm like a castle in the sand
the closest that I've ever been to heaven
I don't ever wanna looooooose you

Like a burning sensation
running through my body when I hold you
total satisfaction when I'm with you
in your beautiful, beautiful world

It's a breath-taking feeling
every time you show me that you need me
I would never trade one single moment
in your beautiful, beautiful world

If I could I'd make you see
just how much you mean to me
but every time I try my words lose height
and they come crashing to the ground
