Haha

2010 baby

In the night girl
we have fun
we have dancing
all night long
LA-morning
big as lights
Billy seeing
night by night

Chicas here and Chicas there and Chicas all around
Dancing here and dancing there you create that sound
All the chicas loving me that's a fun just for me
oh I'm telling you, what you have to do

A roodie roodie roodie roodie roodie roodie see this girl
(this chica, this chica)
A roodie roodie roodie roodie roodie roodie that's my world
(this chica, this chica)
In the nights fever girl
it's the music world
In the heel of the night
baby, come and feel alright

The bell is ringing
nobody's home
and Billy's singing
he's on the run
Oh we dancing
all night long
love romancing
I'm feeling strong

Chicas here and Chicas there and Chicas all around

Dancing here and dancing there you create that sound
All the chicas loving me that's a fun just for me
oh I'm telling you, what you have to do

A roodie roodie roodie roodie roodie roodie see this girl
(this chica, this chica)

A roodie roodie roodie roodie roodie roodie that's my world
(this chica, this chica)
In the nights fever girl
it's the music world
In the heel of the night
baby, come and feel alright

Can't believe in it

All the chicas loving' me
that's a fun just for me
Oh I'm telling you
what you have to do

A roodie roodie roodie roodie roodie roodie see this girl
(this chica, this chica)

A roodie roodie roodie roodie roodie roodie that's my world
(this chica, this chica)

A roodie roodie roodie roodie roodie roodie see this girl
(this chica, this chica)

A roodie roodie roodie roodie roodie roodie that's my world
(this chica, this chica)

In the nights fever girl
it's the music world
In the heel of the night
baby come and feel alright

Can't believe in it
