I never thought there would  
be a day I would  
wish that we had never met  
you looked good to me  
could see right through me  
didn't know you'd be a threat

Why did you have to go  
and turn me down  
(you turned me upside down)  
you make me feel like  
I'm six feet underground

So now I try to  
get away from you  
cause now I see the stupid  
things you do - with my mind  
your look is like a drug  
I'm so addicted cause you're  
sweet like sugar to me  
but when I look inside I can't  
deny that you are  
just like poison to me  
like sugar and poison

Don't wanna talk to you  
or even hear from you  
if I could only push 'delete'  
I would erase you and  
lose the taste of you  
then my life would be complete  
why did you have to go  
and turn me down  
(you turned me upside down)  
you make me feel like

I'm six feet underground

You always say  
that I'm too complicated  
I'm sick and tired cause  
that is overrated  
look at you, you're such a  
fool to me

I'm not gonna take this anymore  
before you turn me into  
someone I won't be  
before you take away that  
little rest of me  
I'm gonna get up and leave
