Ghost in the mirror.
Just look beyond,
The balanced reflection.

So tell me dear, tell me dear,
Can your heart still break,
(Can your heart sill break,)
If it's already stopped beating?

So tell me dear, tell me dear,
Can your heart still break?
If it's already stopped beating?

Never take your pulse for granted again,
She doesn't know, she doesn't know the kiss of death.
Black is black and love is, love is dead,
Black cats, black hearts, the wicked never rest.
I curse the that day I let you in.

So tell me dear, tell me dear,
Can your heart still break,
(Can your heart sill break,)
If it's already stopped beating?

So tell me dear, tell me dear,
Can your heart still break?
If it's already stopped beating?

Everyday is a funeral,
I'm not afraid of being alone, being alone,
I'm just afraid of being vulnerable.
Ghost in the mirror.
Ghost in the mirror.
Ghost in the mirror.
Ghost in the mirror, Oh!

And I curse the day that I let you in.

So tell me dear, tell me dear,
Can your heart still break,
(Can your heart sill break,)
If it's already stopped beating?

So tell me dear, tell me dear,
Can your heart still break?
If it's already stopped beating?

Never take your pulse for granted again,
She doesn't know, she doesn't know the kiss of death.
Black is black and love is, love is dead,
Black cats, black hearts, the wicked never rest.
I curse the that day I let you in.

This is horror!
This is sin!
We are evil!
We are, we are dead!

This is horror!
This is sin!
We are evil!
We are dead!
