My love now where have you been?  
She begs this night to just end  
Tranquilize, fantasize  
Until your heart caves in

Kill all the lights as midnight approaches  
Tonight's the night my nightmares come to life  
I must confess my final breath is heavy with the fog  
He smiles back with his pumpkin grin.

At midnight he  
Rides forth to the scene of battle  
In nightly quest of his head, the pumpkin.  
Eyesight moonlight this place is haunted  
Sleepy Hollow, he follows.

I am the devil and I, I'm telling you to kill her  
So we can dance in death tonight  
You cannot run you can't hide, sick screaming little whore,  
He's going to wrap you up real tight

This place is haunted, possession by a ghost  
The headless horseman rides, at midnight  
**THIS PLACE IS HAUNTED!!**

Tonight's the night of the living dead.  
I know, I know. I knew it'd come to this  
But we can't all be perfect.

Run quick, he cannot cross the bridge  
Ichabod, Ichabod.

I am the devil and I, I'm telling you to kill her  
So we can dance in death tonight  
You cannot run you can't hide, sick screaming little whore,  
He's going to wrap you up real tight

I am the devil and I (I am the devil), I'm telling you to kill her (telling you to kill)  
I am the devil and I (I am the devil), I'm telling you to kill her (telling you to kill...)  
YOU!!!
